Dear Friends and Neighbors,

Since 1955 Weston Forest and Trail, a volunteer-run non-profit, has maintained 100 **miles of trails** on Weston's 2000+ acres of woods and fields. There is no charge for using Weston's open spaces, but to keep the trails open for all requires a significant amount of **effort and money**: clearing trails of fallen trees, building and repairing boardwalks and bridges, opening vistas, marking trails, and monitoring/acquiring easements, restrictions and properties.

Weston's open spaces help to provide **clean air and water**, as well as a **diverse landscape** for flora and fauna. They offer us places for **quiet relaxation and recreation**. Even if you are not a frequent trail user, please consider supporting us today! Go to WestonForestTrail.org
